Painting service

Aliplast Sp. z o.o. offers painting services.
Please direct your inquiries regarding anodizing services to the Customer Service Department.

Bent profiles

Prices for profile bending are included in a separate price list.

Anodising

Natural/Silver	C-0
Light champagne	C-31
Champagne	C-32
Olive	C-33
Bronze	C-34
Black	C-35

- Minimum length of anodised profiles 4000 mm
- Maximum length of anodised profiles 7200 mm
- The price given in the price list applies to anodizing in the natural anode color C-0.

Anodizing service

Aliplast Sp. z o.o. offers anodizing services.

Please send your inquiries regarding anodizing services to: anodownia@aliplast.pl

Aluminium sheet cutted to format

Maximum cutted sheet size	0,8mm	1000mm x 2000mm
	1,0mm 1,5mm 2,0mm	1500mm x 3000mm

- For a format with an area not exceeding 0.5 m², the price is assumed for 0.5 m².
- There is no discount on the prices quoted.
- It is possible to bend the sheets. Please send inquiries to the Customer Service Department.
- For technological reasons, at least 2 ø4mm holes are made in the format to hang the detail on the painting line. The holes are made up to 10mm from the edge of the format.
- At the customer's request, it is possible to make formats without technological holes. An order of this type requires a separate quote.
- Wide range of colours. Possibility of painting according to Aliplast colour charts, and Decoral surface finish*
- Maximum dimensions of the painted sheet (DECORAL): 1380mm x 3000mm

*the grain direction in the case of wood-like colours

Door panel sheets

The pricing of panel sheets is done individually based on the drawing sent by the customer.

The drawing must contain all the information necessary to produce the panel sheet:

- dimensions and thickness of the sheet metal (2mm or 3mm)
- dimensions and position of holes
- dimensions of decorative millings (milling width and depth)
- information whether the milling is to be painted or decorated in the case of wood-like colours
- the grain direction in the case of wood-like colours
- color
- Maximum dimensions of the painted sheet: 1499mm x 2999mm
- Maximum dimensions of the painted sheet (DECORAL): 1380mm x 2999mm
- Maximum dimensions of anodized sheet: 1499mm x 2900mm*.

*The shorter edges will not be anodized. They will be raw.

CNC machining

Aliplast Sp. z o.o. offers mechanical processing of profiles on modern CNC machining centers, as well as precise cutting with double-head saws.

The scope of machining includes:

- panels
- cutted sheet
- milling
- threading (PDF dimensions)
- engraving (depth)
- drilling holes (Ø)
- cutting profile ends using a 650 mm CNC saw
- angle cutting – drawing
-

Technical parameters of machine tools:

- length of elements up to 9 m
- accuracy of machining - 0.1 mm

Please send your request for quote to the Customer Service Office
